Greene Manufacturing, Inc.

3985 S. Fletcher Road - Chelsea, MI 48118 - (800) 396-4642 - www.greenemfg.com

A Brief History

GMI began with the idea of providing quality educational furniture products with value added service. Mr. Jerry W. Greene, with his wife Wilma, designed and produced 20 original industrial arts oriented products back in 1968. These products were purchased by and installed in several local educational facilities. As these locations were toured by other educators, the quality of the products began to sell themselves. From these simple beginnings to an expanded offering of over 5000 furniture and related products, GMI has evolved into one of the premier furniture manufacturers in the educational and industrial furniture market.

Ready for the Future

As GMI increases our product offerings, our manufacturing process is constantly improving with state of the art equipment and materials of the highest grade. While we strive to stay current with the latest technology, we are dedicated to maintaining high quality craftsmanship in every product.

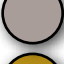

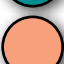

As a continuing commitment to our customers, GMI is pleased to offer this catalog of technical and industrial furniture. It features many new and improved products that meet the demands of today's learning and working environments and will not only last, but maintain its relevancy long into the future.

Quality Team Members

"The measure of a successful company is not solely based on product quality or price but on the commitment of the people who walk through its doors every day. I am proud to say the GMI has an outstanding staff that is dedicated to reaching our goals, exceeding customer satisfaction, and upholding our mission statement."

- Bruce Greene, President

"Our mission is to provide quality products and services to an expanding customer base by continuously evolving those products and services to meet ever changing customer needs"

Solid Reasons to Buy

Durability - GMI products are built to last under extensive use in both Educational and Industrial settings.

Quality - We use the highest quality materials in the manufacture of all our products while utilizing the latest manufacturing technology.

Customer Service - GMI has established 40 + years of customer loyalty through an unsurpassed commitment to customer care.

Versatility - Our wide range of products cover a variety of applications and customer requirements allowing you to purchase matching items for different departments or labs.

Functionality - Our product designs are derived from years of experience in our industry and incorporate ergonomics, customer needs, and other special considerations.

Warranty - GMI stands behind our products with a lifetime warranty against defects in material and workmanship for products used in accordance with manufacturer's specifications.

GMI is proud to offer over 5000 work station and storage solutions for education and industry. From the automotive lab to the cosmetology lab, GMI has a complete line of products to meet your facility's requirements.

Many of the major automotive aircraft, military and advanced manufacturing facilities across the country have been outfitted with GMI furnishings.

Can't find what you are looking for? Contact us. We offer design and custom fabrication services to many major manufacturers. Our unique ability to design and manufacture products to meet your specifications is surprisingly affordable.

More Than Just Great Products

We are more than just a catalog of products. Our staff will assist in the design and specification of work stations and storage equipment to assure that your lab space will work with your required equipment.

- On-site consultation
- Detailed layout drawings and graphics
- Written Specifications
- Installation and on-site assembly

Cabinet Details

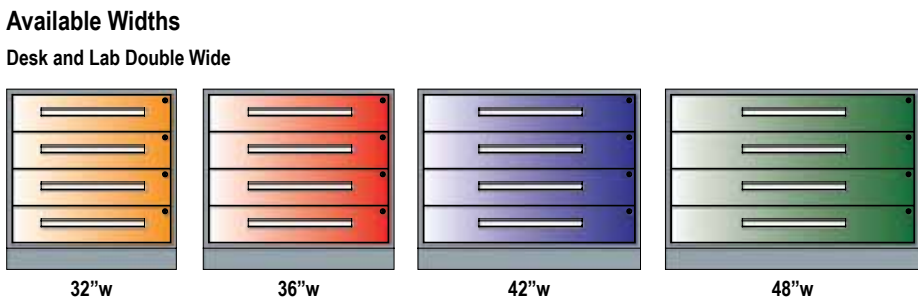

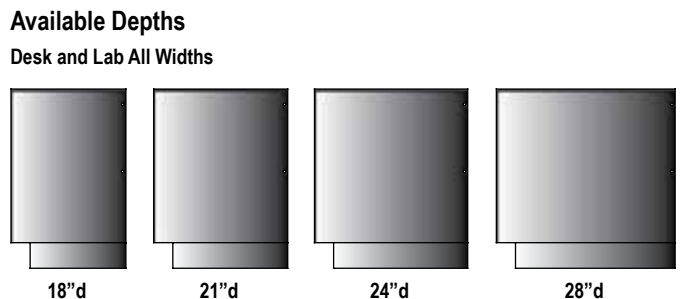

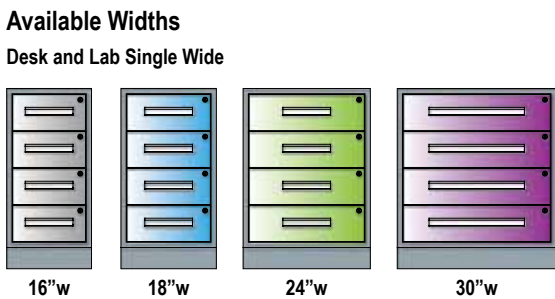

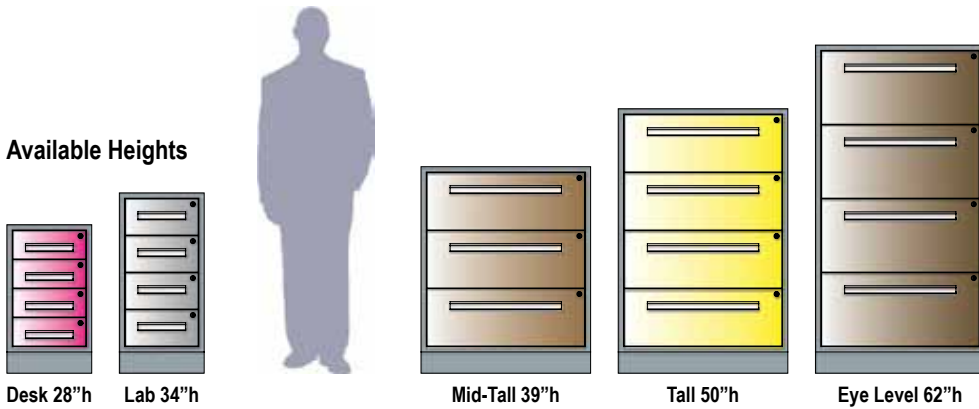

Our Dura-Tech modular cabinets and work stations are of the heaviest constructed metal casework cabinets available on the market. Dura-Tech base cabinets feature all welded case and frame construction. The outer shell is constructed from 16 gauge furniture grade steel utilizing all welded construction. The bases are equipped standard with a 4" h recessed riser base including floor leveler glides. Drawers feature full extension glides rated for a minimum 125 lb capacity and up to 400 lb capacities on some models. The drawer and door facings are full inner and outer headers securely welded together. All drawer components are formed from 18 gauge furniture grade steel and have easy access recessed aluminum handles. Individual cylinder locks are keyed alike (standard). Available with keyed different, master keyed locks. All door bases feature an interior adjustable shelf and self closing concealed door hinges.

Cabinet Features:

- Cabinet shells are one piece side, back, and face frame.
- Solid top and bottom panels.
- Interior security lip around face frame helps prevent tampering with locks.
- All welded construction. No rivets or spot welded joints.
- 4" h 16ga. recessed toe kick is standard.
- Drawer and door component rails run full height of cabinet.
- Floor levelers recessed into riser base.

Storage Drawer Divider Kits

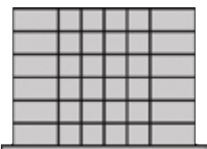

Drawer divider kits will assist in keeping your small parts organized and readily available. We offer four configurations to choose from. Dividers are removable and can be re-configured to accommodate your particular requirements. Slotted front to rear partitions adjust on 3/4" centers and run the full depth of the drawer. Bin dividers feature an angled top for label placement. Standard color finish is Structural Gray.

Individual Bench Legs

Fixed Height Formed Channel Leg

Formed 14 gauge steel channel leg
- Floor anchor pad - All welded assembly
- Available in 28" or 34" heights.

Sample Part Number: DT-B18

Depth	Height	Model #
18"	DT (28" h) or DTL (34" h)	--B18
21"		--B21
24"		--B24
28"		--B28

Fixed Height "H" Series Leg

Constructed of 3" diameter 16 gauge round tube with 3/4" diameter cross supports - Floor levelers - All welded assembly - Available in 28" or 34" heights.

Sample Part Number: DT-H18

Depth	Height	Model #

Wall Cabinets

Our versatile Dura-Tech wall cabinets are ideal for storing tools and supplies. Available in a number of sizes and configurations, these cabinets are built to withstand use in the toughest environments. Our cabinets feature all welded construction from 16 and 18 gauge steel and a full face frame with welded seams. GMI incorporates top quality hardware components into all of our Dura-Tech cabinet products to ensure years of trouble free service.

Standard Features:

- Concealed 105 Degree Door Hinges.
- Recessed Aluminum Handles.
- Three Point Cylinder Lock Keyed Alike.
- 16 Gauge Steel Adjustable Interior Shelves.
- All Welded Construction.

DTW-1236-3000 Wall Cabinet

Full Width Adjustable Shelves

Recessed hinges are standard. Optional five knuckle institutional grade hinges available. Contact factory for details.

Secure multi point lock mechanism. Cylinder lock keyed alike is standard.

Sturdy all welded steel construction. All face seams are welded and ground smooth.

Tool Panel Option

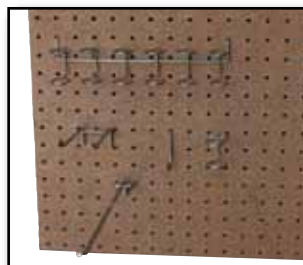

The optional tool panels make storage, retrieval, and inventory of tools and supplies easier. Standard 1/4" fiber pegboard panels are fitted to support rails on the rear of the cabinet interior. Shelves may be used or removed as shown.

Order hook kits separately to configure the layout to fit your application. Tool panel hook kits sold separately.

Tools not Included.

Add (-PB) to above part numbers for tool panel option.

Peg Board Tool Hook Kit

- 200 piece assorted tool hook kit that includes:
- 50 - small "J" hooks
 - 50 - medium "J" hooks
 - 25 - 4" straight hooks
 - 25 - 2" straight hooks
 - 20 - single loop hooks
 - 20 - angled hooks
 - 05 - loop racks
 - 05 - hook racks

Stainless Steel Cabinets

GMI manufactures a complete line of stainless steel cabinets. We utilize the same fabrication and construction methods as our Dura-Tech line of wall and base cabinets. Our stainless cabinets are available in all the standard Dura-Tech cabinet configurations as illustrated on pages 4-7. Please contact a GMI representative for complete details on our stainless steel cabinet line.

Standard Features:

- Concealed 105 degree door hinges.
- Recessed aluminum handles.
- Cylinder lock keyed alike.
- 16 gauge stainless steel outer shell.
- 18 gauge stainless steel interior components.
- All welded construction.

Optional Features:

- Five knuckle institutional grade door hinges.
- Chrome loop handles.
- Individually keyed/master keyed doors/drawers.

Shown with Five Knuckle Hinge Option

Standard Recessed Door Hinge.

Optional Chrome Loop Handle.

Optional Five Knuckle Hinge.

Pre-Engineered Work Stations

We've taken our most popular work bench configurations and made ordering easy. Simply select the base style, length, and height of the workstation that best fits your needs and order with one part number for the complete configuration.

The Dura-Tech series of work stations are a perfect choice for electronics, manufacturing, science, and industrial assembly areas.

Dura-Tech pre-engineered work stations are equipped with the following standard options:

- 30"d hardwood/maple work surfaces.
- 12"d hardwood/maple upper shelves.
- 16"w x 24"d base cabinets.
- 3-1/2"w leg pedestals.
- 16"h powered rear shelf risers.
- 18"h lower modesty panels.
- 29-3/4"h "desk" height stations.
- 34-3/4"h "lab" height stations.
- Full width 4" x 4" wire management tray.
- 3.25" diameter hole grommets in work surface.

For additional accessories please see pages 23 and 79-84.

DT-6GG-Z Work Station

DT-6-GA Work Station

Pre-Engineered work stations are equipped with a 4" x 4" full width wire management tray.

Dura-Tech cabinets feature full extension ball bearing drawer glides and individual drawer locks.

Door bases are equipped with one adjustable shelf and feature heavy duty concealed door hinges.

Trainer Board Drawer Inserts

Trainer Board Inserts - Incorporate trainer board storage into the 150 series Dura-Tech drawers - Manufactured to accommodate most trainer boards - Contact GMI for specific order details.

Part #	Description
DTD-150	Board Storage Inserts for 150 Dwr.

CPU Racks

Fixed mount CPU rack with Velcro strap - Sturdy 12 gauge steel platform - Adapts easily to most GMI work benches.

Part #	Description
DTCPU-200	Stationary Rack w/Velcro Strap
DTCPU-400	Slide Out/Swivel Rack - Top Mount

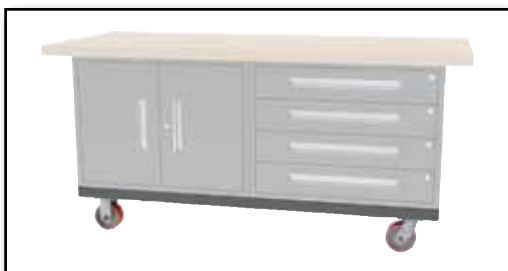

Under Shelf Task Light

Under shelf fluorescent task lighting - 120V, 15 amp - Single tube up to 48" - Available with optional cord and on/off switch.

Length	Light Only	Light Cord/Switch
36"	DTSL-36	DTSLC-36
48"	DTSL-48	DTSLC-48

Caster Base Kits for Dura-Tech Cabinets

Use caster base frames to create a mobile work bench with the storage arrangement that best fits your requirements. Mix and match base configurations in the widths indicated. Casters are standard 5" diameter. (2) rigid and (2) swivel casters with brake are supplied with each frame. Caster frames take the place of the standard 4" recessed kick riser and will add a total of 4.5" in height to a base Dura-Tech cabinet. (EX: A standard 28" h base would measure 32.5"h including top when mounted on a caster base. Recommended for 28"h and 34"h cabinets only. See page 85 for available work surface options.

	Width	Part #	Description
24" Deep	32"	DTCB-2432-5	24"d x 32"w - Caster Base for 32" Total Cabinet Width
	36"	DTCB-2436-5	24"d x 36"w - Caster Base for 36" Total Cabinet Width
	48"	DTCB-2448-5	24"d x 48"w - Caster Base for 48" Total Cabinet Width
	64"	DTCB-2464-5	24"d x 64"w - Caster Base for 64" Total Cabinet Width
	72"	DTCB-2472-5	24"d x 72"w - Caster Base for 72" Total Cabinet Width
28" Deep	32"	DTCB-2832-5	28"d x 32"w - Caster Base for 32" Total Cabinet Width
	36"	DTCB-2836-5	28"d x 36"w - Caster Base for 36" Total Cabinet Width
	48"	DTCB-2848-5	28"d x 48"w - Caster Base for 48" Total Cabinet Width
	64"	DTCB-2864-5	28"d x 64"w - Caster Base for 64" Total Cabinet Width
	72"	DTCB-2872-5	28"d x 72"w - Caster Base for 72" Total Cabinet Width

See Pages 82-84 for Additional Accessories

CB-Series Work Benches

Our CB-Series locker bases, cabinets, and work stations are offered in a variety of sizes and work surface configurations. GMI locker bases are constructed of 18 gauge steel and feature all welded construction to withstand use in the shop environment. All locker bases are equipped with spring hinges, number plates, and padlock hasps.

Choose from our pre-configured work benches or use individual base components to build a work station to fit your need.

CBR-1150.L Lockers

Locker openings feature spring hinges with padlock hasps. The cabinet shell is one piece all welded construction with a solid top and bottom cap.

Locker doors are provided with number plates. Cabinets can be ordered with a two tone paint scheme at no additional charge.

CBL-5464-4.M Benches

The optional recessed kick riser base will add 4" to the height of the base cabinets.

Locker Base Work Stations

Four Student/12 Narrow Locker Work Bench

Locker size 12" w x 15" h x 21" d - Spring hinges - Number plates - Padlock hasps (Padlocks not included) - Available with either 2 1/4" solid maple or 2" steel top - "V" denotes (4) 7" woodworking vises supplied with station.

Part #	Size	Description
CBL-5464-12.M	54" X 64" x 33.75"h	2-1/4" Maple Top
CBL-5464-12.MV	54" X 64" x 33.75"h	2-1/4" Maple Top w/Vises

CB-Series Locker Bases

CB-Series locker base cabinets are available in a variety of configurations for your storage needs. Constructed of 18 gauge steel utilizing all welded construction. Padlock hasps and number plates are standard. Doors are mounted on durable spring hinges.

Two Door Narrow Locker Base
 Overall size: 12" w x 21" d x 31" h
 - Locker openings 10" w x 21" d x 15" h
 - Padlock hasp - Number plates - Spring hinges - Cylinder lock knockouts - (locks not included) - Available with optional 4" h base riser.

Part #	Description
CBR-1100.L	Two Door Narrow Base
CBR-1100.L3	(3) Base Cabinet Config.
CB-12CR	4" h Riser Base

Two Door Wide Locker Base
 Overall size: 18" w x 21" d x 31" h
 - Locker openings 16" w x 21" d x 15" h
 - Padlock hasp - Number plates - Spring hinges - Cylinder lock knockouts - (locks not included) - Available with optional 4" h base riser.

Part #	Description
CBR-1150.L	Two Door Wide Base
CBR-1150.L3	(3) Base Cabinet Config.
CB-18CR	4" h Riser Base

Three Door Wide Base
 Overall size: 18" w x 21" d x 31" h
 - Locker openings 16" w x 21" d x 10" h
 - Padlock hasp - Number plates - Spring hinges - Cylinder lock knockouts - (locks not included) - Available with optional 4" h base riser.

Part #	Description
CBR-1200.L	Three Door Wide Base
CBR-1200.L3	(3) Base Cabinet Config.
CB-18CR	4" h Riser Base

CB - Base Cabinets

Base cabinets are constructed of 18 gauge steel utilizing all welded construction. Recessed door and drawer pulls. Ball bearing drawer glides with detents in the closed position provide smooth drawer operation. Cabinet doors are mounted on durable recessed hinges. Bases can be used in any combination with work surfaces offered on page 85.

Single Door Base
 Overall size: 18" w x 21" d x 31" h - Cylinder lock knockout - (locks not included) - Available with optional 4" h base riser.

Part #	Description
CB-400.L	LH Single Door Base
CB-400.R	RH Single Door Base
CB-18CR	4" h Riser Base

Single Drawer/Door Base
 Overall size: 18" w x 21" d x 31" h - Drawer measures 14" w x 18" d x 12.5" h - Cylinder lock knockouts - (locks not included) - Available with optional 4" h base riser.

Part #	Description
CB-800	One Drawer/Door Base
CB-18CR	4" h Riser Base

Two Drawer Base
 Overall size: 18" w x 21" d x 31" h - Drawers measure 14" w x 18" d x 12.5" h - Cylinder lock knockouts - (locks not included) - Available with optional 4" h base riser.

Part #	Description
CB-500	Two Drawer Base
CB-18CR	4" h Riser Base

CB-Series Base Cabinets

Three Drawer Base

Overall size: 18" w x 21" d x 31" h - Drawers measure 14" w x 18" d x 9.75" h - Cylinder lock knockouts - (locks optional) - Available with optional 4" h base riser.

Part #	Description
CB-700	Three Drawer Base
CB-18CR	4" h Riser Base

Four Drawer Base

Overall size: 18" w x 21" d x 31" h - Drawers measure 14" w x 18" d x 6.75" h - Cylinder lock knockouts - (locks optional) - Available with optional 4" h base riser.

Part #	Description
CB-600	Four Drawer Base
CB-18CR	4" h Riser Base

Six Drawer Base

Overall size: 18" w x 21" d x 31" h - Drawers measure 14" w x 18" d x 4.5" h - Cylinder lock knockouts - (locks optional) - Available with optional 4" h base riser.

Part #	Description
CB-900	Six Drawer Base
CB-18CR	4" h Riser Base

Two Swing Door Base

Overall size: 36" w x 21" d x 31" h - (1) adjustable shelf - Cylinder lock knockouts - (locks optional) - Available with optional 4" h base riser.

Part #	Description
CB-320	Two Door Base
CB-36CR	4" h Riser Base

Two Sliding Door Base

Overall size: 36" w x 21" d x 31" h - (1) adjustable shelf - Cylinder lock knockouts - (locks optional) - Available with optional 4" h base riser.

Part #	Description
CB-350	Two Sliding Door Base
CB-36CR	4" h Riser Base

Two Drawer/Two Swing Door Base

Overall size: 36" w x 21" d x 31" h - Drawers measure 15.25" w x 18" d x 6.75" h - (1) adjustable shelf - Cylinder lock knockouts - (locks optional) - Available with optional 4" h base riser.

Part #	Description
CB-360	Two Drawer/Two Door Base
CB-36CR	4" h Riser Base

Wall Work Bench

60" l x 24" d x 36 3/4" h* - Six opening locker base - Locker size 16" w x 21" d x 10" h - Spring hinges - Number plates - Padlock hasps (Padlocks not included) - Includes 4" riser base on cabinets - Available with either 1-3/4" solid maple or 2" steel top.

Part #	Size	Description
CBL-1500.M	60" w x 24" d x 36.75" h	1-3/4" Maple Top

CB-Series Bench Accessories

Swivel Stool

Mounting bracket attaches to a cabinet side - Stool contacts floor when weight is applied - 13" diameter steel seat is pneumatically height adjustable - All welded construction.

Part #	Description
PGS-1300	Cabinet Mounted Stool

Wood Workers Vice

Solid steel dog in front jaw - Machined toe in jaws provide solid grip - Fits up to 3" deep tops - Continuous action.

Part #	Jaw Size	Description
WV-470-CA	3-1/2" x 7"	Continuous Action Vice
WV-570-CA	3-1/2" x 10"	Continuous Action Vice

Machinist Vice

Reversible jaws - 360 degree swivel base - Knurled jaw faces - 5-1/2" wide jaws - 6" jaw opening - 3-3/4" throat depth.

Part #	Jaw Size	Description
MV-270-CA	5-1/2" x 6"	Machinist Vice

CBL-5464-4 shown with stool and vise accessories.

Cylinder Locks

Chrome cylinder locks fit door and drawer configurations and are available keyed alike or KDMK.

Part #	Description
D-LCK-415	Door Lock Keyed Alike
D-LCK-KDMK	Door Lock KDMK
DWR-LCK-415	Drawer Lock Keyed Alike
DWR-LCK-KDMK	Drawer Lock Keyed Alike

CB-Series Riser Base

Optional base is 4" h - Fastens to underside of cabinet - Includes (4) floor levelers - Recessed 3" from front - Available for 18" w and 36" w cabinets.

Part #	Description
CB-18CR	18" w Cabinet Riser Base
CB-36CR	36" w Cabinet Riser Base

GMI mobile work benches are constructed to meet the tough demands of a high use environment. All welded construction and heavy gauge steel will withstand years of use. Full extension ball bearing drawer glides with capacities up to 400 lbs. Benches are standard with four 5" heavy duty casters and are offered with several different top styles. Available in a variety of configurations to fit most applications.

GMI also offers several mobile work stations for specialty use.

MG-88-108.VAC Mobile Work Station

Mobile benches with vac system feature built in dust collection ports in the work surface.

MG-400.M Mobile Work Bench

Vac system enclosure cabinet allows proper air flow and helps reduce noise.

Full extension drawer glides with capacities up to 400 lbs.

Double Door Mobile Bench

Overall size - 38" w x 24" d x 34" h - Two locking doors - 5" locking casters - (2) adjustable shelves - Recessed aluminum handles - Keyed cylinder lock - All welded steel construction.

Part #	Description
MG-200.M	Bench w/Hardwood Top
MG-200.STL	Bench w/Steel Top

Forensic - Finger Print Mobile Bench

Overall size - 60" w x 30" d x 34" h - (1) 30" w double door base cabinet with (1) adjustable shelf - Perforated steel top with enclosed bottom attaches to built in vacuum system - Vac enclosure cabinet with 10hp industrial vac system - 1-1/4" laminate top included for dual use as standard work bench - Recessed aluminum handles - Individual cylinder locks keyed alike - 5" locking casters - All welded steel construction.

Part #	Description
MG-1000.VAC	Bench w/Steel Top and Laminate Top
MG-1000.SHV	Additional Lower Shelf

MG-VAC Series

Shown with Optional Tools

Enclosed Vac Cabinet

Back View

The perfect work bench for small bench top power tools. Built in dust collection system features a 5 HP vacuum with (3) attachment hoses for equipment hook up. The three full extension upper drawers are ideal for tool and supply storage. The large open storage area below can be used to store tools when not in use. The 72" model has an open shelf for the vacuum while the 96" and 108" models have an enclosed vacuum cabinet. The all welded 14 and 16 gauge steel cabinet will withstand years of use.

MG-88 Series Features:

- (3) upper drawers measure 22" w x 24" d x 5.5" h.
- 125 lb full extension glides.
- 1-3/4" tops w/ flush mounted vacuum ports.
- All welded 14 and 16 gauge steel.
- Recessed aluminum handles.
- Cylinder locks.
- 5" Heavy duty locking casters.

Not for use with metal or aluminum operations.

Part #	Description
MG-88-72-VAC	34"d x 72"w - Exposed Vac Shelf
MG-88-96-VAC	34"d x 96"w - Enclosed Vac Cabinet
MG-88-108-VAC	34"d x 108"w - Enclosed Vac Cabinet

Part #	Description
MG-100.PR	Optional Power Cord Reel with 25' Cord
MG-36.ET	Optional Industrial Power Outlet Strip
MG-88.SHV	Optional Interior Lower Shelf

Back View

This mobile work station features (2) 32" w x 24" d double door bases with (1) adjustable shelf each. Door cabinets have a three point lock mechanism for added security. The dust collection system features a 5 HP vacuum with (3) collection ports mounted into the rear of the work surface. Bench is supplied with (3) attachment hoses for equipment hook up. All MG-320 models have an open shelf and security strap for the vacuum.

MG-320 Series Features:

- 1-3/4" tops with flush mounted vacuum ports.
- 32" wide storage cabinets.
- All welded 16 gauge steel.
- Recessed aluminum handles.
- Cylinder locks.
- 5" Heavy duty locking casters.

Not for use with metal or aluminum operations.

MGR-Robotics/Work Cell Benches

These work stations are perfect for robotics and manufacturing training cell applications. Robotics work stations feature a galvanized steel perforated top to allow the mounting of components in any configuration. Three large slots at the rear of the work surface allow cables to be neatly run underneath. Accessories can be added to accommodate monitor arms, keyboard trays, and power outlets.

MGR-75 Top Shown on MG-88 Mobile Work Bench With:
 (1) Optional Keyboard Tray
 (1) Optional CPU Rack
 (1) Optional ET-36 Power Apron

Robotics work surfaces can be used with a number of GMI work bench bases and cabinets as well as most of the MG-series mobile work benches.

MGR-Work Surface Features:

- 11 Gauge galvanized steel perforated top.
- Large cable access holes.
- Raised work surface with lower cable tray.
- Ideal for robotic and manufacturing simulation and training.
- Available in a variety of sizes.
- Works with all MG-Series mobile work benches.

Pull Out Keyboard Drawer Option

See Pages 82 - 84 For Accessories

Open Robotic Work Bench

Base constructed from heavy 1-1/2" square tube - Work surface height 34"h - 11 gauge perforated galvanized steel top with (3) large cable slots - 5" locking casters - Fixed 16 gauge steel lower shelf provides 14" clear height - All welded steel construction.

Robotic Work Cell Top Assembly

Upper worksurface is 11 gauge perforated galvanized steel with (3) large cable slots - Perforations are 5/16" x 1-1/2" spaced on 2" centers - Lower section is 14 gauge steel with a 1-1/2" lip up on all four sides - Top assembly will bolt to most GMI work bench bases.

Part #	Description
MGR-3060.G	30"d x 60"w x 40"h - Open Work bench
MGR-3072.G	30"d x 72"w x 40"h - Open Work bench

Computer Enclosures

Dura-Tech computer enclosures are designed to provide security and protection for computer terminals on the shop floor. The units are made of 16 and 18 gauge steel all welded construction. Upper cabinet features an adjustable shelf and is large enough to accept most video monitors. Cooling fan pulls filtered air from outside creating positive pressure inside the cabinet to help eliminate contamination of sensitive equipment.

Features:

- Polycarbonate window in door for monitor viewing.
- Adjustable monitor shelf.
- 120V, 15amp (4) outlet strip in lower cabinet.
- Optional 5" caster base.
- Pull out keyboard/mouse drawer.
- Cylinder style drawer/door locks keyed alike.
- Filtered cooling fan in lower cabinet.
- Power cord pass through in rear of cabinet.
- Available in three height options.

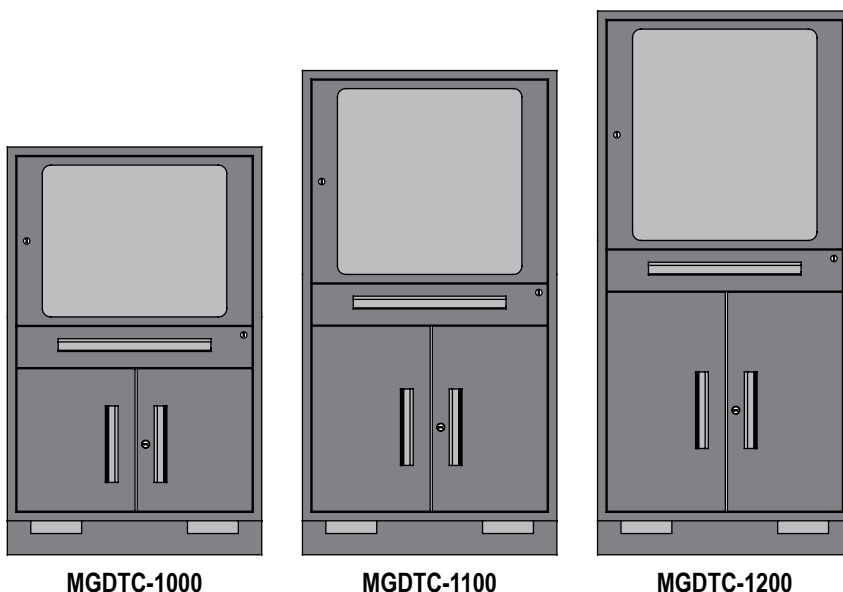

Part #	Description
MGDTC-1000	30w" x 29"d x 48"h - Computer Enclosure
MGDTC-1100	30w" x 29"d x 57"h - Computer Enclosure
MGDTC-1200	30w" x 29"d x 64"h - Computer Enclosure
MGDTC-RB	Optional 5" Riser Base with Fork Lift Pockets - Replaces Casters

Pull out keyboard/mouse drawer features a sliding tray for additional storage.

Lower cabinet features a filtered cooling fan and (4) outlet 120V, 15 amp plug strip.

Shown with optional 5" riser base.

Extreme Duty Mobile Benches

Two Door Mobile Bench

Overall size - 24"d x 42"h - All welded 12 gauge steel cabinet construction - Two locking doors - Doors are mounted on 3/8" steel pins with brass bushings - Welded hinges - Solid steel handle accepts heavy padlock (not included) - Three point latching system - (2) adjustable shelves are 14 gauge steel with formed edges - 6" locking casters - 7 gauge steel top with 2" lip up on (3) sides.

Extreme Duty Mobile Benches

Five Drawer Mobile Bench

Overall size 24"d x 36"h - All welded 12 gauge steel cabinet construction - 36" w bench features (4) 13" w x 6" h drawers - (1) 30.5" w x 6" h drawer - 48" w bench features (4) 20" w x 6" h drawers - (1) 42.5" w x 6" h drawer - 250 lb ball bearing glides - Two locking doors - Doors are mounted on 3/8" steel pins with brass bushings - Welded hinges - Solid steel handle accepts heavy padlock (not included) - Three point latching system - 6" locking casters - 7 gauge steel top with 2" lip up on (3) sides.

Part #	Description
EXM-550-36	36" w - Five Drawer EX Mobile Bench
EXM-550-48	48" w - Five Drawer EX Mobile Bench

Drawer/Shelf Maintenance Bench

Overall size - 48" w x 24" d x 36" h - All welded 12 gauge steel cabinet construction - 36" w bench features (6) 14" w x 4" h drawers - 48" w bench features (6) 20" w x 4" h drawers - 250 lb ball bearing glides - Two locking doors - Doors are mounted on 3/8" steel pins with brass bushings - Welded hinges - Solid steel handle accepts heavy padlock (not included) - Three point latching system - (1) adjustable shelf is 14 gauge steel with formed edges - 6" locking casters - 7 gauge steel top with 2" lip up on (3) sides.

Part #	Description
EXM-650-36	36" w - Six Drawer/Shelf EX Mobile Bench
EXM-650-48	48" w - Six Drawer/Shelf EX Mobile Bench

Maintenance Bench

Overall size - 48" w x 24" d x 36" h - All welded 12 gauge steel cabinet construction - (6) 20" w x 4" h drawers - 250 lb ball bearing glides - Two locking doors - Doors are mounted on 3/8" steel pins with brass bushings - Welded hinges - Solid steel handle accepts heavy padlock (not included) - Three point latching system - (42) Door mounted small plastic bins measure 4.125" h x 7.375" d x 3" h - Bins securely attach to mounting rail - Bins are easily removable - (2) adjustable shelves are 14 gauge steel with formed edges - 6" locking casters - 7 gauge steel top with 2" lip up on (3) sides.

Part #	Description
EXM-650BN-36	36" w - Six Drawer/Bin EX Mobile Bench
EXM-650BN-48	48" w - Six Drawer/Bin EX Mobile Bench

Maintenance Bench - 12 Drawer

Overall size 24" d x 36" h - All welded 12 gauge steel cabinet construction - (12) 20" w x 4" h drawers - 250 lb ball bearing glides - Two locking doors - Doors are mounted on 3/8" steel pins with brass bushings - Welded hinges - Solid steel handle accepts heavy padlock (not included) - Three point latching system - 6" locking casters - 7 gauge steel top with 2" lip up on (3) sides.

Part #	Description
EXM-700-36	36" w - 12 Drawer EX Mobile Bench
EXM-700-48	48" w - 12 Drawer EX Mobile Bench

GST-83 Square Heavy Duty Shop Stool

Features:

- All welded frame construction.
- GST-83 features 1-1/4" x 16 gauge square tube frame.
- Tempered hardboard seat cover.
- Floor glides.
- Standard non adjustable seat height is 26".
- Special heights available.

Model Number	Description
GST-83	26"h Fixed Height Stool
GST-83.1	26"h Fixed Height Stool with Back Rest

GST-83 Heavy Duty Square Stool

GST-83 Stool w/ Back Rest

GST-100 Heavy Duty Shop Stool

Features:

- All welded frame construction.
- GST-100 features 1" x 16 gauge round tube frame.
- Available with maple or steel seat.
- Floor glides.
- Standard non adjustable seat height is 26".
- Adjustable height model range is 18" to 27"h.

Model Number	Description
GST-100.M	26"h Fixed Height Stool w/Maple Seat
GST-100.STL	26"h Fixed Height Stool w/Metal Seat
GST-100.M-ADJ	Adjustable Height Stool w/Maple Seat
GST-100.STL-ADJ	Adjustable Height Stool w/Metal Seat

GST-100.M w/Maple Seat

GST-100.STL w/Metal Seat

GST-200 Angle Shop Stool

Features:

- All welded frame construction.
- GST-200 features 1" formed angled frame.
- Available with maple or steel seat.
- Floor glides.
- Standard non adjustable seat height is 26".
- Adjustable height model range is 18" to 27"h.

Model Number	Description
GST-200.M	26"h Fixed Height Stool w/Maple Seat
GST-200.STL	26"h Fixed Height Stool w/Metal Seat
GST-200.M-ADJ	Adjustable Height Stool w/Maple Seat
GST-200.STL-ADJ	Adjustable Height Stool w/Metal Seat

GST-100.M w/Maple Seat

GST-300 Polyurethane Task Stool

Features:

- 1" Tubular steel frame.
- 14" diameter seat.
- 26" to 31" pneumatic height adjustment.
- Optional back measures 13"w x 5 1/2"h.
- All welded frame.

Model Number	Description
GST-300	Polyurethane Stool - No Back
GST-300-BK	Polyurethane Stool - With Back

GST-300-BK

Double Door Shop Desk

Steel writing surface with flip up lid and storage below
 - Large lower storage compartment with (2) locking doors
 - (1) adjustable interior shelf - 6”h tubular legs with floor anchor pads - Optional leveler foot kit available - Rear organizer shelf with (3) compartments - All welded steel construction.

Part #	Description
CB-1000	48”w x 24”d x 54”h - Double Door Shop Desk
LVL-200	3/8” x 1-1/2”h Rubber Based Leveler Foot (set of 4)

Shop Desk with Drawers

Steel writing surface - (1) 16”w x 24”d cabinet containing (2) box and (2) file drawers - (1) personal drawer mounted under work surface - Single pedestal leg - Lower storage shelf - Rear modesty panel - Recessed plastic drawer pulls - Cylinder style drawer locks keyed alike 415A - Rear organizer shelf with (3) compartments - All welded steel construction.

Part #	Description
CB-1200	48”w x 24”d x 54”h - Shop Desk w/Drawer Base

Open Shop Desk

Open base design with lower storage shelf - Shelf measures 14”d - Adjustable height formed channel legs constructed from 14 gauge steel - Standard with floor anchor pads - Optional leveler foot kit available - Rear leg stringer - Steel writing surface with flip up lid and storage below - Rear shelf w/ (3) compartments - Welded steel construction.

Part #	Description
CB-1300	48”w x 24”d x 54”h - Open Base Shop Desk
LVL-200	3/8” x 1-1/2”h Rubber Based Leveler Foot (set of 4)

Wall Mounted Shop Desk

Designed for secure wall mounted applications - Steel writing surface with flip up lid and storage below - Rear of body and (2) lower support braces for wall mounting - Rear organizer shelf with (3) compartments - All welded steel construction.

Part #	Description
CB-1400	48”w x 24”d x 54”h - Wall Mounted Shop Desk

Standard Duty Benches

Our standard duty work benches are suitable for use in a variety of applications including assembly, maintenance, production, and instructional training. All work benches are built to withstand heavy use and provide years of service. Standard duty leg assemblies are constructed of 14 gauge formed steel channel. All legs feature all welded construction. Heavy duty 11 gauge steel leg assemblies are available. Floor anchor pads will accept optional leveler feet.

Our BA-Series leg features a galvanized steel base leg insert with height adjustments on 1" centers.

Optional lower shelf features a hemmed rear back stop and a double folded front edge for added strength.

Our BT-Series leg features a tubular steel base with height adjustments on 2" centers. An 1-1/2" diameter floor leveler is standard.

Fixed height work benches are suitable for use in a variety of applications including assembly, maintenance, production, and instructional training. The base legs constructed of 14 gauge formed steel channel. Floor anchor pads will accept optional leveler feet. All welded leg assemblies. Leg height is 32-1/2" - Add top thickness for overall height. **Page 44.**

Adjustable height work benches are ideal for use in applications requiring a variety of work station heights. Leg bases will adjust a full 8-1/2". Base legs constructed of 14 gauge formed steel channel (optional 11 gauge steel available). Floor anchor pads will accept optional leveler feet. All welded leg assemblies. Leg height is adjustable from 27" to 35-1/2" - Add top thickness for overall height. **Page 45.**

Tubular base work benches provide a clean appearance. The stations are constructed from 2" square tube steel. All welded leg assemblies include floor leveler feet. Adjustable height from 27" to 35-1/2" - Add top thickness for overall height. **Page 46.**

SC-2448-TD	24"d x 48"w Perforated Top
SC-2460-TD	24"d x 60"w Perforated Top

Add .SS to cart for optional back and end stops.

Tool Holder Cart

Store and transport CNC tools safely with our GMCR series tool holder carts - Available in both single and double sided configurations - Shelf positions are adjustable on 2" centers - Shelf supports can be positioned at 90 degrees or slanted down at a 15 degree angle - Heavy duty 5" casters mounted to reinforced rails under base - Two rubber comfort pull handles - Tool holders can be mixed and matched to accommodate a variety of tool sizes.

Features:

- Shelf holders to accommodate most style tools.
- Available in both single and dual sided carts.
- Two position shelf mounting option.
- Sturdy all welded steel construction.
- Heavy duty 5" caster base
- Comfort grip handles.
- Large lower tray

Specify Tool Type and Quantity Each When Ordering.

Shelves can be positioned either flat or at a 15 degree down angle.

Available Tool Holders:

- 30 Taper
- 40 Taper
- 50 Taper
- HSK-100A

Plastic Tote Tray

Tote measures 13.75" w x 19" d x 4.375" h - Heavy gauge polyethylene material - Available in tan only.

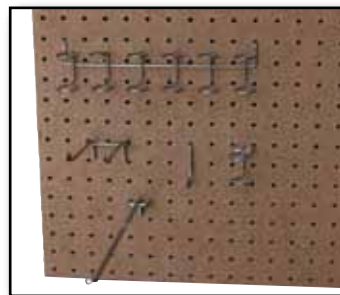

Part #	Description
TOTE-1319	Single Tote Tray

Power Outlet Box

Box has a lighted circuit breaker switch that indicates power is on - (4) 120V x 15 amp outlets with covers - Constructed of sturdy plastic - 6' heavy-duty 12 gauge power cord.

Part #	Description
DTPWR-4	Four Outlet Box with Cord

Standard Peg Board Tool Hook Kit

200 piece assorted tool hook kit that includes:
 50 - small "J" hooks 50 - medium "J" hooks
 25 - 4" straight hooks 25 - 2" straight hooks
 20 - single loop hooks 20 - angled hooks
 05 - loop racks 05 - hook racks

Part #	Description
PEG-200	200 Piece Hook Kit

Power Aprons

Universal power aprons measure 4" h - Aprons can be used with Dura-Flex or mount directly to work surface - Provides (5) 120V-15 amp outlets with a lighted on/off switch - Provided with a 6' cord & plug.

Part #	Description
DTPA-30	30" Power Apron
DTPA-36	36" Power Apron
DTPA-48	48" Power Apron
DTPA-60	60" Power Apron
DTPA-72	72" Power Apron
DTPA-84	84" Power Apron

Drawer Divider Kits

Drawer divider kits will assist in keeping your small parts organized and readily available. Kits are offered in a variety of styles and configurations. Please refer to page 67 for more details on divider kits.

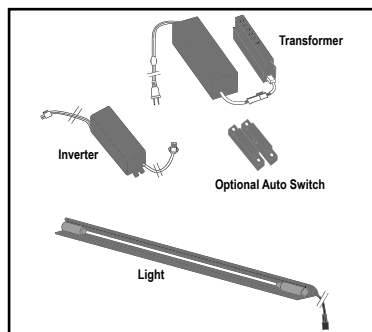

Part #	Description
Divider Kits	See Page 67 for Details

Casters

Convert your GTV 5000/5500 to a mobile unit with optional caster kits - (2) swivel with brake and (2) rigid casters per kit - Available in standard 4" casters - Contact factory for details as some restrictions apply.

Part #	Description
GTVCTR - 4	4" Caster Kit

Interior Cabinet Light

Adds interior light to tool cabinets - 120V x 15 amp circuit required - Optional on/off switch or automatic magnetic switch.

Part #	Description
ICL-M	Interior Light Kit - Manual Switch
ICL-A	Interior Light Kit - Auto Switch

Polyethylene Plastic Bins

Two standard sizes - Small bins measure 4.125" h x 7.375" d x 3" h - Large bins measure 8.25" w x 14.75" d x 7" h - Available in yellow only - Special sizes available upon request.

Part #	Description
GBN-4-Y	4.125" h x 7.375" d x 3" h - Small Bin
GBN-8-Y	8.25" h x 14.75" d x 7" h - Large Bin

Square Hole Panel Tool Hooks

63 piece assorted tool hook kit that includes:
 05 - 1" rod hook 05 - medium spring clip
 05 - 3" rod hook 05 - spring clip/can
 05 - 6" rod hook 05 - small spring clip
 05 - 1-1/4" circle 05 - 2" curved hook
 05 - 3" double hook (30°) 05 - hammer/plier holder
 05 - 3" double hook (90°) 03 - multi prong toll holder
 05 - 3" double hook (80°)

Part #	Description
SQPEG-400	63 Piece Square Hook Kit

Flammable/Chemical Storage Cabinets

Store your flammable liquids safely. These flammable safety cabinets comply with the National Fire Protection Association Flammable Combustible Liquid Code #30 and OSHA standard 1910.106 for flammable storage of 1, 2 and 3 liquids. FM approved. Double walled 18-gauge all-welded steel with 1-1/2" insulating air space. Safety storage cabinet includes a built in grounding connector, dual 2" vents, and has a 2"d leak proof doorsill. The 350 lb capacity galvanized steel shelves adjust on 3" centers. Doors have full length piano hinges. Cabinet features a recessed paddle handle with cylinder lock and padlocking latch for security. Stainless steel 3-point self-latching system provides positive door locking. Adjustable leveling feet for uneven floors. Durable powder coat finish with warning labels.

Flammable Cabinet

Part #	Description
WCF-3672FL-M	(45 Gallon) 18"d x 43"w x 65"h Cabinet with Manual Doors
WCF-3672FL-S	(45 Gallon) 18"d x 43"w x 65"h Cabinet with Self Closing Doors

Pesticide Storage cabinet safely stores insecticides, herbicides, and other turf chemicals. Pesticide Safety cabinet complies with National Fire Protection Association specifications, OSHA regulations, and is approved by the Factory Mutual System. Double walled 18-gauge all-welded steel with 1-1/2" insulating air space. Storage cabinet includes a built in grounding connector, dual 2" vents, and has a 2"d leak proof doorsill. The 350 lb capacity galvanized steel shelves adjust on 3" centers. Doors have full length piano hinges. Cabinet features a recessed paddle handle with cylinder lock and padlocking latch for security. Stainless steel 3-point self-latching system provides positive door locking. Adjustable leveling feet for uneven floors. Durable powder coat finish with warning labels.

WCP-3672P60-M	(60 Gallon) 31.25"d x 31.25"w x 65"h Cabinet with Manual Doors

Extreme Duty Tables/Stand

Extreme Duty Tables

Extreme Duty work benches are designed for heavy fabrication and work loads. The base is constructed from 3-1/2" diameter, heavy wall steel tubing uprights. The 3/8" solid steel plate top is supported with a 1/2" x 2 all welded support frame that is integrated into the leg uprights for maximum strength. Work benches are equipped standard with a fixed lower shelf constructed of 3/16 steel plate top and under frame support. Includes floor anchor pads with 5/8" diameter floor anchor hole. All welded construction.

Up to 10,000 Lbs Capacity

All work benches 40" high to top of work surface.

30" Deep Tables

Part #	Description
EX-3048	30"d x 48"w x 40"h Work Bench
EX-3060	30"d x 60"w x 40"h Work Bench
EX-3072	30"d x 72"w x 40"h Work Bench
EX-3084	30"d x 84"w x 40"h Work Bench
EX-3096	30"d x 96"w x 40"h Work Bench

36" Deep Tables

Part #	Description
EX-3648	36"d x 48"w x 40"h Work Bench
EX-3660	36"d x 60"w x 40"h Work Bench
EX-3672	36"d x 72"w x 40"h Work Bench
EX-3684	36"d x 84"w x 40"h Work Bench
EX-3696	36"d x 96"w x 40"h Work Bench

Extreme Duty Stands

Extreme Duty Stands are designed for the toughest applications and heaviest loads. Stands have a capacity up to 20,000 lbs and can be used to support large dies or fabrication projects. The base is constructed of 3" square tubular steel with a 3/8" wall thickness. The top rail is a heavy 3" "I" beam. Floor anchor pads are 1/2" thick with 5/8" diameter floor anchor hole. All welded construction. Special sizes and configurations are available.

Up to 20,000 Lbs Capacity

24" High Stands

Part #	Description
EXS-2424	24"d x 24"w x 24"h Work Stand
EXS-2430	24"d x 30"w x 24"h Work Stand

Open Shelving

Our GR-Series of open shelving is ideal for storage of packaged material and other bulk items. Open design allows for high visibility and easy access to stored items. Shelving units are constructed from formed 13 gauge steel uprights and are standard with 16 gauge steel reinforced shelves. Shelves are adjustable on 1-1/2" centers and feature a full front and rear support brace. Shelves have a 400 lb capacity each. Uprights are equipped with front to rear braces for added stability. Rear anti sway braces keep racks solidly in place. Anchor pads for floor mounting are standard. GMI offers stainless steel and galvanized steel shelves for special applications. Please contact us for details.

Features:

- Shelf units available in heights from 60"h to 96"h.
- Standard depths of 12" to 30".
- Formed 13 gauge steel uprights.
- Floor anchor pads.
- Strong reinforced 16 gauge steel shelves.
- Shelves adjust on 1-1/2" centers.
- Optional galvanized steel shelves. Contact GMI.
- Standard rack frame color is Charcoal Gray.

GRT-Tire Rack

Rack units are constructed from formed 13 gauge steel uprights and are standard with 12 gauge steel shelves. Rack will accommodate most standard automotive tire and rims. Available as a stationary or portable rack. 400 lb capacity per shelf. Floor anchor pads are standard on stationary rack.

GRT-2460-2.M Shown

Features:

- All welded construction of 12 gauge steel.
- Two shelf rack measures 18" d x 60" w x 66" h.
- Three shelf rack measures 18" d x 60" w x 84" h.
- Mobile rack available in two shelf configuration only.
- 5" heavy duty casters.
- Adjustable shelf positions.

Model Number	Description
GRT-2460-2	Two Shelf Tire Rack
GRT-2460-2.M	Mobile Two Shelf Tire Rack
GRT-2460-3	Three Shelf Tire Rack

Modular Drawer/Shelving

Our modular shelving system handles the storage of large bulk items, small parts, tooling, and supplies all in one unit. Available in multiple drawer and shelf configurations to fit most applications. Racks are offered in standard 18" or 24" deep units. The optional storage drawers for the 36" w and 48" w modules are equipped with a formed steel handle and label holder. Drawers are standard with 200 lb capacity glides and are available with glide capacities up to 400 lbs. Drawers accept optional divider kits. Racks are configured as starters and add-on units.

Features:

- Shelf units available in heights from 60"h to 96"h.
- Standard depths of 18" and 24".
- Formed 13 gauge all welded channel frames.
- Floor anchor holes.
- Strong reinforced 16 gauge steel shelves.
- Shelves adjust on 1-1/2" centers.
- Optional galvanized steel shelves. Contact GMI.
- Standard rack frame color is Charcoal Gray.
- Multiple drawer configurations.
- Optional side and back panels.

Units are Recommended to be Floor Anchored

EL-Series - 1900 Small Vertical Rack

Features:

- Constructed of 11 gauge formed angle steel.
- Overall size: 36"w x 24"d x 84"h.
- Bottom retaining rail keeps stock from shifting out of compartments.
- Three 14 gauge horizontal shelves for holding short material.
- Shelves have a 300 lb. capacity.
- Available in Structural Gray Only.

Model Number
EL-1900

Units are Recommended to be Floor Anchored

Plywood/Sheet End Loading Rack

Features:

- Overall size 72"l x 54-1/2"w x 72"h
- 1-1/4 tubular steel uprights.
- (6) All welded shelf frame assemblies.
- Designed for plywoods and other flat materials.
- End loading.
- Rated for 500lbs per shelf - Weight evenly distributed.
- Floor anchor pads.
- Ships with open deck frames - Decking material not included.

Model Number
EL-644

Units are Recommended to be Floor Anchored

Plywood/Sheet Side Loading Rack

Features:

- Overall size 102"l x 52"w x 72"h
- Formed 11 gauge steel upright supports.
- 11 gauge steel U channel support braces.
- (6) All welded shelf frame assemblies.
- Designed for plywoods and other flat materials.
- Side loading.
- Rated for 700lbs per shelf - Weight evenly distributed.
- Floor anchor pads.
- Ships with open deck frames - Decking material not included.

Model Number
EL-664

Units are Recommended to be Floor Anchored

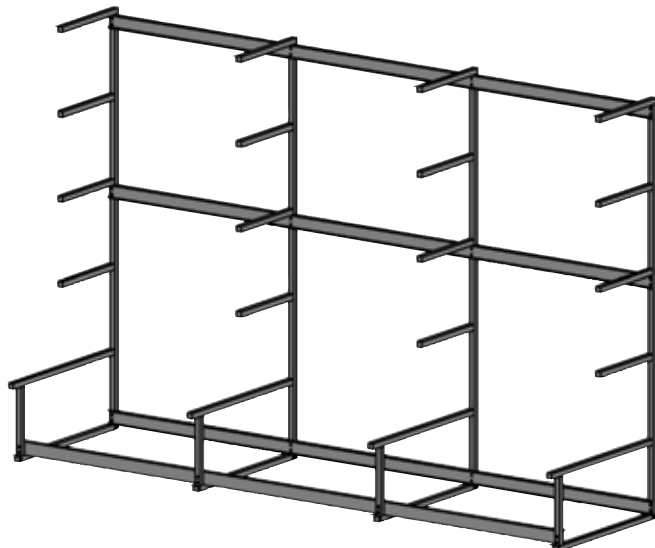

General Lumber Rack

Features:

- Overall size 144"l x 41"w x 94"h
- 1-1/4" tubular steel upright supports.
- (4) 144" x 11 gauge anti-sway braces.
- (4) 20" and (1) 38" deep shelves.
- Designed for straight lumber.
- Rated for 400lbs per shelf - Weight evenly distributed.
- Unit to be wall mounted.

Model Number
EL-2

Units are Recommended to be Wall Anchored

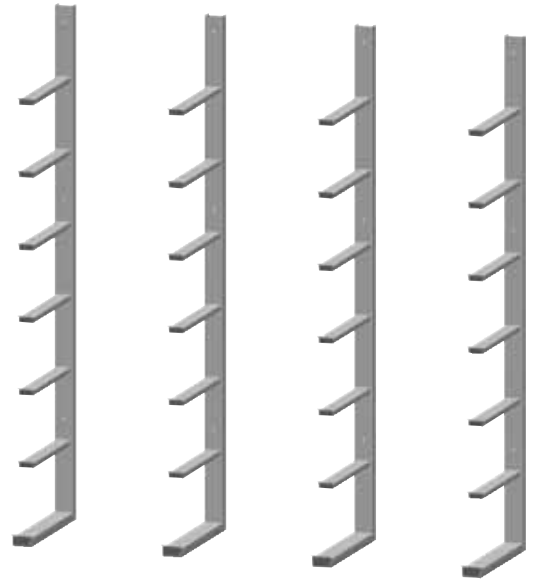

Wall Mounted/Mobile Clamp Racks

GSR/GWR Wall Mounted Steel/Wood Racks

Features:

- Uprights are constructed of heavy 3" steel channel with 7 gauge steel shelves.
- Overall size per upright unit is 3"w x 84"h.
- Shelving uprights may be purchased individually or as an assembly.
- Steel rack includes (4) uprights with (7) 12"d shelves and a 13-1/2"d floor pad.
- Wood rack includes (4) uprights with (7) 18"d shelves and a 20"d floor pad.
- Maximum capacity per shelf assembly is 1000 lbs.
- Available in Structural Gray.

Model Number	Description
GSR-4	Steel Rack Assembly - 1" Lip up on Shelf Arms

GMCR Cantilever Racks

Cantilever storage racks provide the perfect storage solution for bar stock, piping, and lumber. Upright assemblies constructed of heavy gauge steel are available in both single and double sided configurations. GMI offers a wide selection of upright heights and material storage arms to fit a variety of materials.

Features

- Heavy 11 Gauge Steel Construction
- All Welded Upright Frames
- Floor Anchor Holes
- Large Selection of Rack Arms Available
- Standard 11 Gauge Shelf Arms *400lb Capacity
- Optional 7 Gauge Shelf Arms *600lb Capacity
- Lower Base Serves as Bottom Shelf
- Standard Color is Charcoal Gray

Load Capacities

11 Gauge Arms - 400lb Per Arm
7 Gauge Arms - 600lb Per Arm
Upright Support - 5500lb Per

Racks can be ordered as individual components in both starter and add-on configurations. GMI offers several pre-configured racks to fit most applications. See order instructions below for individual component ordering.

Single Starter Bay

Double Starter Bay

How To Order:

- 1: Determine upright type, height and base.
Two uprights per starter, one per add on unit.
- 2: Choose arm length and type.
- 3: Order one brace set per bay. Brace sets are measured from center to center of uprights.

Units are Recommended to be Wall Anchored

GMCR-Work Bench

Cantilever rack based work bench is a unique design combining a material storage rack with a sturdy work bench. These work stations are ideal for areas that are limited on space and require the storage of materials in the work area. The shelf arms are adjustable to accommodate different materials. Benches are available in a variety of sizes and top configurations.

- Available with 2" pan folded steel or 1-3/4" maple hardwood top.
- 36" or 48" wide top are standard.
- Straight shelf arms with stop.
- Four arms per upright.
- 400lb capacity per 11 gauge arm.
- Combine tables to match your required storage length.
- Available in Charcoal Gray.

BA-366-TDB-GALV	36"d x 72"w Perforated Top

Potting Benches/Growing Tables

Potting Work Bench

Designed to keep soils organized and off the floor while putting your arrangements together. The sturdy formed channel base features a galvanized steel work surface and upper riser shelf. Included are (3) soil bins and (1) trash receptacle. The work surface has a trash hole to allow excess soils to be cleared to the trash receptacle. The work station is available with a fixed or portable base.

A great work table for Landscape/Design or Horticulture programs.

Features:

- 30"d x 60"w x 27" to 38" Adjustable Height
- Soil Bins Measure 20" x 15 1/2" x 5"
- 14 Gauge Galvanized Steel Upper Shelf
- 12 Gauge Galvanized Steel Work Surface
- 5" Heavy Duty Casters
- Large Trash Receptacle
- 3/4 Depth Lower Shelf

Model Number	Description
B-306PS	30"d x 60"w Table - No Casters
B-306PS-P	30"d x 60"w Table - With Casters

Shown with Optimal Casters

Greenhouse Growing Tables

Growing tables feature a 13 gauge galvanized steel base frame with work surface supports. Sturdy formed channel adjustable height legs with floor anchor pads. The plastic bench top is durable, smooth, non-porous, and allows trays, flats, and pots to slide across the surface without snagging. The interlocking panels will not rot, crack, splinter, or corrode. Available in a variety of sizes.

Durable Plastic Grate Work Surface.

Features:

- 27" to 38" Adjustable Height
- 14 Gauge Galvanized Steel Channel Frame
- Grated Plastic Work Surface
- Work Surface Supports
- Lower Leg Stringers
- Custom Sizes Available

Model Number	Description
BA-244-GRN-PL	24"d x 48"w Table

Full Frame Support Under Work Surface.

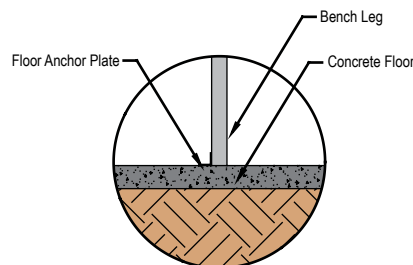

Greenhouse Rolling Tables/Racks

Greenhouse Benches with Rolling Tops

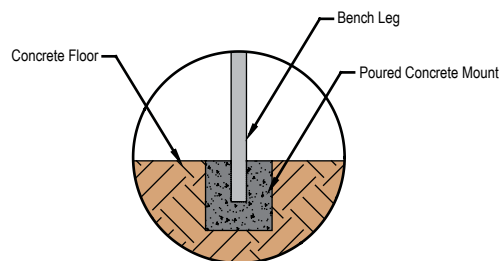

Benches with rolling tops can help maximize space in your greenhouse. Benches feature heavy gauge galvanized steel legs with floor anchor pads. Legs kits for poured concrete mount available. Hot dipped galvanized expanded metal work surface with aluminum table frame. Table rolls easily on full length roller bars. Available in 5' and 6' widths and lengths from 12' up to 36' in 24" increments. Benches must be floor anchored.

Features:

- 32" Fixed Height Base
- Hot Dipped 13 Gauge Galvanized Steel
- Aluminum Table Frame
- Leg Mounting Brackets
- Special Sizes Available
- Easy Roll Table Top

Dura-Flex accessories allow you to create a workstation to fit your exact application. The Dura-Flex back supports and accessories will fit on a variety of open style and Dura-Tech series work benches. Choose from our pre-configured selections highlighted on page 79 or configure your own simply by adding the Dura-Flex back support frames to any 60" or 72" station and add the accessories you need. Individual components are illustrated on pages 80 - 81.

Ideal Uses

- Assembly Work Stations
- Technical/Repair Work Benches
- Shipping And Receiving Stations

Dura-Flex components shown on SC-Series Cart

Dura-Flex components will work on a variety of bench and cart applications.

Dura-Flex back support uprights and frames offer maximum flexibility in mounting components.

Adding a power apron strip conveniently puts outlets right at the work station.

Tool panels and plastic bin rails will keep your work station stocked and organized.

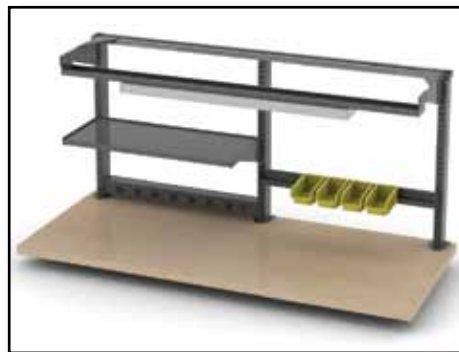

Pre-Engineered Dura-Flex Backs

DTFXL -72A	30"	72" Wide	Dura-Flex Light For 72" Table - Cord and Plug

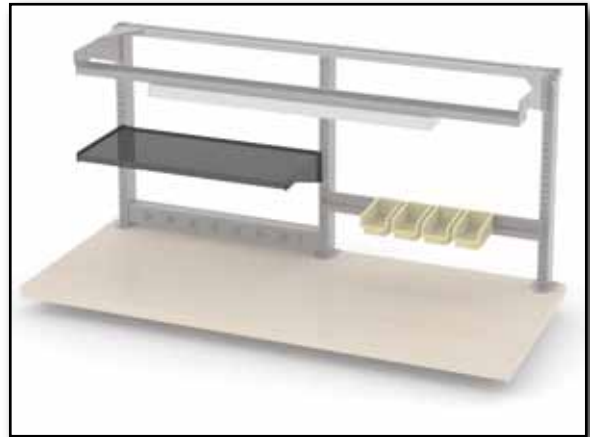

Tool Panel

Tool panel frame mounts to rear of back support frame - Tool boards are available in metal or 1/4" tempered hardboard - Standard round hole pattern - Tool hanger kits sold separately - See page 59.

- Offered in 1/4" Hardboard or Metal
- Standard Round Hole Pattern
- For 60" and 72" Dura-Flex Uprights
- Custom Configurations Available

Part #	Material	Fits Benches	Description
DTBF-PG-60	Hardboard	60"	30" w x 30" h Pegboard Tool Panel
DTBF-PG-72	Hardboard	72"	36" w x 30" h Pegboard Tool Panel
DTBF-PG-60-STL	Steel	60"	30" w x 30" h Steel Tool Panel
DTBF-PG-72-STL	Steel	72"	36" w x 30" h Steel Tool Panel

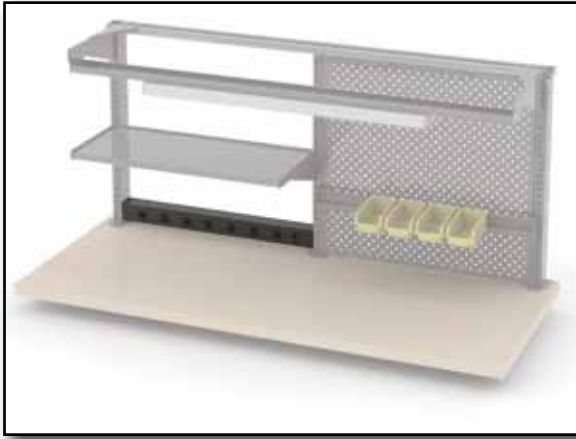

Utility Shelf

12" deep shelf mounts to Dura-Flex back frame - Reversible bracket allows shelf to be mounted at a 0 or 15 degree slant - 16 gauge steel.

- Steel Shelf
- Reversible Mounting Bracket
- Standard 12" Depth
- 50 lb Capacity

Part #	Fits Benches	Description
DFXBS -30	60" Wide	30" w x 12" d Utility Shelf
DFXBS -36	72" Wide	36" w x 12" d Utility Shelf

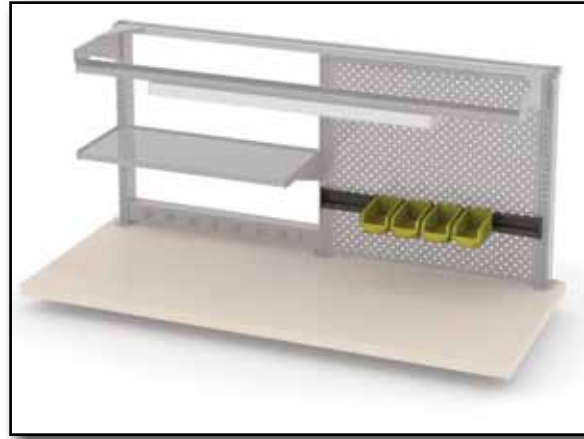

Power Apron

Universal power aprons measure 4" h - Aprons can be used with Dura-Flex or mount directly to work surface - Provides (6) 120V-15 amp outlets with a lighted on/off switch - Provided with a 6' cord & plug.

- Universal Mounting
- Six 120V x 15 amp Outlets
- 6' Cord and Plug
- Lighted On/Off Switch

Part #	Description	Part #	Description
DTPA-30	30" Power Apron	DTPA-60	60" Power Apron
DTPA-36	36" Power Apron	DTPA-72	72" Power Apron
DTPA-48	48" Power Apron	DTPA-84	84" Power Apron

Plastic Bin Rail/Bins

Bin rails mount between Dura-Flex uprights - One bin rail will accommodate a single row of standard plastic hanging bins - See chart below for number of bins allowable per rail.

- Holds 4" and 6" Bins
- Fits 60" and 72" Frames
- One Rail Per Row on Bins
- Bins Sold Separately

Part #	Fits Upright Frame	4" w Bins	6" w Bins	Description
DFXR-105-60	60" Frame	6	4	Bin Rail for Dura-Flex
DFXR-105-72	72" Frame	7	5	Bin Rail for Dura-Flex

Plastic Bins

Part #	Size	Description
DFXB-442	4.125" w x 7.375" d x 3" h	Plastic Bin
DFXB-695	5.50" w x 10.875" d x 5" h	Plastic Bin

Additional bin sizes available. Contact GMI for details.

Tool Trolley Rail

Tool rail provides a trolley to suspend tools above the work surface and allow lateral movement the length of the station - Mount assembly attaches to upper back support.

- 45 lb Weight Capacity
- Roller Bearing Glides
- Support Mounts Sold Separately
- Works with Light Bar Option

Part #	Fits Frame	Description
DFXTR-60	60" Wide	Tool Rail with Trolley
DFXTR-72	72" Wide	Tool Rail with Trolley
DFXTR-MNT	All	Tool Rail Mounting Supports - Not Required With Task Light

Tool Tray

Use for holding tools at the ready - Tray measures 14" d x 14" w - Can be mounted at variable heights to the Dura-Flex upright - Universal left or right hand mount - Arm swings 180 degrees.

- 30 lb Weight Capacity
- Universal Mount
- Swings 180 Degrees
- Rubber Mat Included

Part #	Fits Frame	Description
DFXTT-30	All	Universal Tool Tray with Rubber Pad

Flat Panel Monitor Arm

Low-profile mounting system and integrated cable management - Snap-on cable shroud. Multi-directional swivel system - VESA standard mounting plate - Swivel adjustment on arm base and mounting head - Tension control knobs. Grommet mounting option included.

Part #	Description
DTFPMA-100	Flat Panel Arm - 12 lb Capacity

Keyboard Board Tray

Low profile design - Easy height control with patented spring-assisted counter balancing system (no knobs or levers) - Positive tilt lockout option - 360 degree swivel that allows user to move keyboard from side to side - Dual swivel option that keeps keyboard tray parallel to the desk.

Part #	Description
DTKBT-300	Keyboard Platform

Stationary CPU Rack

Fixed mount CPU rack with Velcro strap - Sturdy 12 gauge steel platform - Adapts easily to most GMI work benches.

Part #	Description
DTCPU-200	Stationary CPU Rack

Premium Flat Panel Monitor Arm

Five point adjustment provides a wide range of monitor positions and angles - Gas cylinder system "floats" the monitor above the desk. - Six mounting mechanisms are provided with each unit - Folds back into just 3.5" of space - Supports a wide range of monitors weighing anywhere from 4-24 lbs.

Part #	Description
DTFPMA-300	Flat Panel Arm - 24 lb Capacity

Keyboard Board Drawer

Drawer features a cushioned palm rest, and multi-position keyhole mounting brackets which allow installation at a variety of heights - Ball bearing slides have an end-of-travel lockout for secure full opening and ease of closing - The steel keyboard tray has a black finish.

Part #	Description
DTKBT-120	Keyboard Drawer

Slide/Swivel CPU Rack

Rack attaches to underside of work surface - Accommodates most tower CPU's - Locking clamp arm secures CPU into place - Durable metal slide and main support.

Part #	Description
DTCPU-400	Slide/Swivel CPU Rack

Premium Dual Flat Panel Monitor Arm

Dual arm provides five point adjustment and a wide range of monitor positions and angles - A gas cylinder system "floats" the monitor above the desk - Supports a wide range of monitors weighing anywhere from 4-24 lbs.

Part #	Description
DTFPMA-400	Dual Flat Panel Arm - 24 lb Capacity

Recessed Power Outlet

Recessed power outlet with (2) knock outs for RJ-45 jacks - Unit supplied with power cord for 120V, 15 amp - Attached cover keeps dust out - Requires top cut out.

Part #	Description
DTCOM-300	Recessed Power Outlet

Surge Protected Outlets

Six outlet - 125V, 15 amp, 1875 watts - Lighted on/off switch - 48" power cord with plug - DPS-15 shown.

Part #	Description
DPS-15	15 Amp Six Outlet Surge Bar
DPS-15GFI	Six Outlet Surge Bar w/GFI
DPS-20	20 Amp Six Outlet Surge Bar

Cabinet Top Retainer Rail

2" high retainer rail provides a (3) sided back and end stop for all Dura-Tech and CB-series cabinets - Ideal for cabinets with caster kits - To order add the suffix (3RR) to the cabinet part number. (Ex: DT-3624-0400-**3RR**).

Part #	Description
3RR	Cabinet Retainer Rail

Single Storage Drawer

Single storage drawer for under top mount - Drawer measures 16" w X 20" d - Available in depths listed below - Recessed plastic handle - Padlock hasp optional.

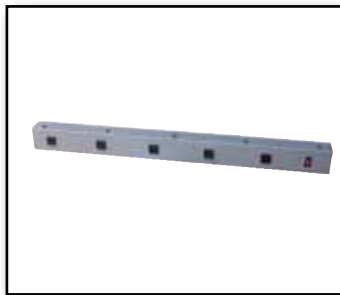

Part #	Description
DTP-6D	6" Deep Drawer No Lock
DTP-9D	9" Deep Drawer No Lock
DTP-12D	12" Deep Drawer No Lock
DTP-6DL	6" Deep Drawer w/ Lock
DTP-9DL	9" Deep Drawer w/ Lock
DTP-12DL	12" Deep Drawer w/ Lock

Cabinet Top Mats

Ribbed black rubber mats are non skid and grease resistant - For 24" deep cabinets.

Part #	Description
DTMT-120-24	Rubber Mat for 24" w Cabinet
DTMT-120-30	Rubber Mat for 30" w Cabinet
DTMT-120-36	Rubber Mat for 36" w Cabinet
DTMT-120-48	Rubber Mat for 48" w Cabinet

Power Aprons

Universal power aprons measure 4" h - Aprons can be used with Dura-Flex or mount directly to work surface - Provides (6) 120V-15 amp outlets with a lighted on/off switch - Provided with a 6' cord & plug.

Part #	Description
DTPA-30	30" Power Apron
DTPA-36	36" Power Apron
DTPA-48	48" Power Apron
DTPA-60	60" Power Apron
DTPA-72	72" Power Apron
DTPA-84	84" Power Apron

Under Mount Pencil Drawer

Drawer mounts to underside of work surface - Drawer measures 26" w x 20" d x 3.00" h - Integrated metal handle - Optional cylinder style lock.

Part #	Description
DTPD-20	Pencil Drawer
DTPD-20-L	Pencil Drawer with Lock

Drawer Liners

Black rubber mat drawer liners available in 30" wide x 10' rolls.

Part #	Description
DWRL-120	Roll Drawer Liner

Work Surface Shelf Back Stop

Metal back stop measures 3" h above work surface - Can be used on both work surfaces and upper shelves - Mounts to rear of surface - Shown with adjustable riser shelf supports - Not for Epoxy work surfaces.

Part #	Description
DTBR-36	36" Rear Back Stop
DTBR-48	48" Rear Back Stop
DTBR-60	60" Rear Back Stop
DTBR-72	72" Rear Back Stop
DTBR-84	84" Rear Back Stop
DTBR-96	96" Rear Back Stop

Equipment Riser Uprights

Equipment riser supports mount to rear of 72" w work surface - Uprights, shelves and DTPA power aprons sold individually - Reversible shelf mounting brackets can mount at 0 or 15 degree slant - (2) shelf brackets per upright assembly - Select shelf material for work surfaces shown on page 85 - Custom sizes available.

	Height	Part #	Description
10' Deep	36	DTER-1036	Equipment Riser 72" w
	42	DTER-1042	Equipment Riser 72" w
	48	DTER-1048	Equipment Riser 72" w
16' Deep	36	DTER-1636	Equipment Riser 72" w
	42	DTER-1642	Equipment Riser 72" w
	48	DTER-1648	Equipment Riser 72" w

Accessories

Magnifier Task Light

Clamp mounts to shelf or work surface - 120V 15 amp fluorescent light - On/off switch - Cord with plug.

Part #	Description
DFXTL-100	Universal Magnifier Task Light

Ground Block

Mounts on any flat surface - Accepts (2) wrist straps - Mounting bracket and ground wire included.

Part #	Description
DTGB-40	Ground Block

Casters

Convert your work bench or storage cabinet to a mobile unit with optional caster kits. (2) swivel with brake and (2) rigid per kit. Available in standard 3", 4" or 5" casters. Special casters available upon request.

Part #	Description
DTCSTR - 3	3" Caster Kit
DTCSTR - 4	4" Caster Kit
DTCSTR - 5	4" Caster Kit

Foot Rest

Bolts to lower base riser assembly - Heavy gauge steel construction - Specify bench configuration when ordering - Special lengths available.

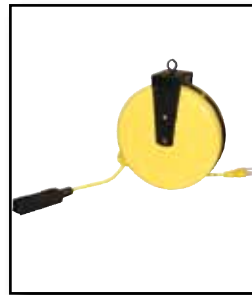

Part #	Description
DTF-36	36" Foot Rest
DTF-48	48" Foot Rest
DTF-60	60" Foot Rest
DTF-72	72" Foot Rest
DTF-84	84" Foot Rest
DTF-96	96" Foot Rest

Grounding Wrist Straps

Use for static control while working on sensitive equipment - Adjustable wrist strap and 5' coiled cord - Alligator ground clip.

Part #	Description
CG-100	One Wrist Strap and Cord

Power Cord Reel

30' Cord Reel - 125V/10A/1250W - (3) grounded electrical outlets - Can mount from Dura-Flex tool trolley or to back overhead rail - Optional mounting bracket to mount inside MG-Series cabinets.

Part #	Description
DTREL-100	Power Cord Reel
DTREL-BRK	MG-Series Mounting Bracket

Adjustable Height Shelf Riser

Risers adjust from 12" to 18" h - 10"d for 12" shelf - Sold in pairs - Shelf and back stop sold separately - Order shelf separately on page 85.

Part #	Description
DTRADJ-48	48" w Adjustable Ht. Riser Assembly
DTRADJ-60	60" w Adjustable Ht. Riser Assembly
DTRADJ-72	72" w Adjustable Ht. Riser Assembly
DTRADJ-84	84" w Adjustable Ht. Riser Assembly
DTRADJ-96	96" w Adjustable Ht. Riser Assembly

Under Shelf Light

Under shelf fluorescent task lighting - 125V, 15 amp single tube up to 48" - Available for both hardware and with optional cord/plug - On/off switch included with light fixture.

Part #	Description
DTSL-36	36" Light Fixture - Hardware
DTSL-48	48" Light Fixture - Hardware
DTSLC-36	36" Light Fixture - Cord/Plug
DTSLC-48	48" Light Fixture - Cord Plug

Air Hose Reel

Retractable hose reel with 25' 3/8" standard duty air line - 3/8" threaded fitting on both inlet and outlet - Mounting Bracket

Part #	Description
AR-25	Air Hose Reel

Work Surfaces and Shelves

Laminated Maple/Hardwood - 1-3/4" thick laminated strips of kiln-dried hard maple and similar species - Face glued and sanded to a smooth finish - Two coat catalyzed varnish finish - Natural color.

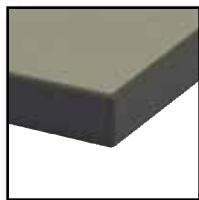

Steel Top with Fiber Cover - 12 gauge steel formed into a 2" thick work surface - Base mounting rails - Fiber cover prevents part marring - Ideal surface for assembly and general work areas - Fiber cover can be replaced.

Plastic Laminate - 1-1/4" nominal overall thickness - High pressure laminate surface with balance backer sheet - 1-1/8" particle board core - Standard spray applied poly-urea edge - Plywood core tops available.

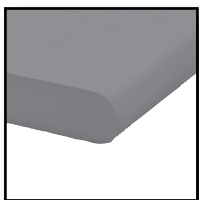

Steel Top - 12 gauge steel formed into a 2" thick work surface - Base mounting rails - Ideal for heavy work applications. Optional 1-7/8" wood core available.

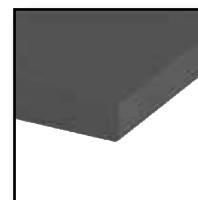

Plastic Laminate - 1" nominal overall thickness - High pressure laminate surface with balance backer sheet - 7/8" particle board core - 3mm PVC Edging.

Galvanized steel tops are formed into a 2" thick work surface. Available with optional 1-7/8" interior wood core - Ideal surface for assembly and automotive work areas. Galvanized top resists rust.

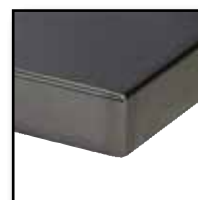

ESD Static Dissipative Laminate - 1-1/4" nominal overall thickness - High pressure laminate surface with balance backer sheet - 1-1/8" particle board core - 180 degree bullnose front edge.

Epoxy Resin Tops - 1" nominal overall thickness - Provide maximum chemical resistance - Solid epoxy construction - Special mounting required - Does not accept all accessories - Contact factory for details and limitations.

Composition Tops - 1-3/4" nominal overall thickness - Top and bottom are 3/8" phenolic resin core sealed with catalyzed varnish - Edge glued lumber core.

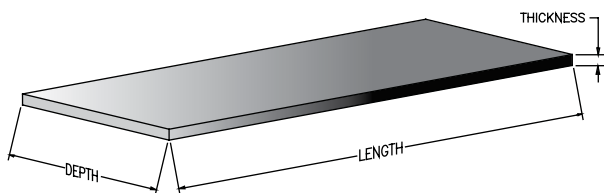

Stainless Steel Tops - 16 gauge stainless steel tops are formed into a 1-1/2" thick work surface - Plywood core - Ideal for wet or oily applications - Good chemical resistance.

Work Surface Type

M	1-3/4" Hardwood/Maple Top	C	2" Thick Composite Wood Top	E	1" Epoxy Resin - Black
L	1-1/4" Plastic Laminate Top with Spray Applied Edging	SF	2" Pan Folded 12 Gauge Steel Top w/Hardboard Cover	SS	1-1/2" 16 Gauge SS with #4 Brushed Finish

How To Order:

- 1: Determine desired work surface/shelf material.
- 2: Choose proper size from chart.
- 3: Add top material designation to model number from chart. EX: WS-3048.M is a 30"d x 48"w x 1-3/4" Maple/Hardwood work surface.

Warranty:

Greene Manufacturing, Inc. (GMI) warrants to the original purchaser all goods of our manufacture to be free from defects in material and workmanship under normal use and service. Any goods found to be defective upon our inspection will be repaired or replaced by GMI without charge FOB factory. If your unit should fail to operate properly during the first year after purchase, notify GMI by phone, fax or in writing within 30 days upon discovering the said defect. If your unit is found to have been damaged from shipping and handling, improper use or environmental conditions, it is not covered by the warranty and you will be advised in advance of repair costs.

Greene Manufacturing, Inc.'s liability coverage for defects in material and workmanship will be limited to repair or replacement by GMI. GMI shall in no event be liable for incidental, consequential, contingent or any other damages. This warranty does not obligate GMI to bear the cost of transportation charges in connection with the repair or replacement of defective parts.

This warranty does not cover damage caused by neglect, overloading, improper installation, modifications, improper storage, or use outside the manufacturers recommendations.

Greene Manufacturing, Inc. assumes no liability for damages (liquidated or otherwise) out of a breach of contract, including any warranties. Buyer remedy shall be limited to repair or replacement of defective goods as described above.

Terms of Payment:

Payment terms are net 30 days upon credit account approval to established customers. Non-established customers must submit credit references before credit can be issued. Credit will be determined on the strength of the credit references and the minimum criteria set forth in GMI credit requirements.

Returned Goods:

All returns must be authorized by GMI prior to shipment and accompanied by a GMI issued returned goods authorization number. All authorized returns must be shipped freight **PREPAID** via UPS or motor carrier. GMI **will not** accept C.O.D. returns. Provide documents stating the contents, reason for return and return authorization number. All items to be returned must be packed in original packaging and in compliance with motor carrier specifications. There are no cancellations or returns on custom or special order items. All cancellations and returned items must be received within 30 days of purchase date and are subject to a 25% restocking charge.

Taxes:

Greene Manufacturing, Inc. (GMI) reserves the right to add sales tax or any other tax that may be imposed upon our products as required by law. All shipments in the state of Michigan will carry the current sales tax rate unless an exemption certificate is on file with GMI.

Quotations:

All prices quoted are subject to receipt and acceptance of a valid, authorized purchase order 30 days for the date quoted unless otherwise noted.

Deliveries:

Delivery dates acknowledged by GMI are estimates base on current conditions at time of receipt of order, all technical data, and required approvals.

GMI makes no allowances, nor shall we be liable directly or indirectly for delays of carriers, labor difficulties, strikes, stoppages, shortages, accidents, fires, delays due to weather, Acts of God, government, material or manufacturing facilities or any circumstances beyond our control.

GMI will not be liable for any damages or penalties, whatsoever, direct or indirectly for delays caused by our failure to perform unless otherwise specifically agreed to in writing by an authorized officer of GMI.

Shipping Policy:

Terms are F.O.B. factory, Greene Manufacturing, Inc.'s responsibility to the merchandise ends when the transportation company issues its receipt to us. Freight claims must be made against the carrier by the consignee, **GMI does not file freight claims.**

All merchandise is packed in compliance with carrier requirements. Examine all shipments carefully **BEFORE ACCEPTANCE**. If there is any indication of damage or shortage, request the delivering carrier to make a notation to this effect on the freight bill **BEFORE** signing it. Should damage be discovered after delivery, retain all packaging materials and request immediate inspection by the delivering carrier. Valid claims for concealed damage must be reported within **10 DAYS FROM RECEIPT OF SHIPMENT**. Once the delivering carrier has a clear receipt for a shipment, they are no longer responsible for any shortages or damages. Greene Manufacturing, Inc. cannot accept merchandise returned due to shipping damage.

Standard Color Selections

Standard Metal Finishes

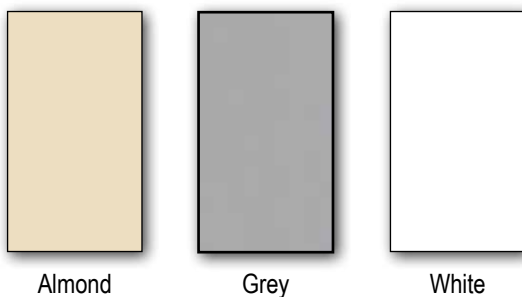

Products are available in the above listed colors unless otherwise specified in product description. Special color matches are available upon request. Some colors maybe subject to a custom blend charge. Colors represented on this page are "closest match" due to printing constraints. Actual color samples are available upon request.

Stock Plastic Laminate Finishes

Static Dissipative Laminate Finishes

GMI can provide laminate color selections from most major suppliers. Please contact GMI for current availability and lead times.

Custom Projects

Special Items

With over 40 years of precision metal fabrication experience, GMI is a leader in custom design, engineering and OEM builds for specialized fabricated solutions. From standard product modifications to complete design and build services, our staff of engineers and manufacturing specialist are ready to serve. GMI will assist you in developing your ideas into reality.
