

VRTEX[®] IS REVOLUTIONIZING WELDING TRAINING

QUICK OVERVIEW OF 2010 STUDIES

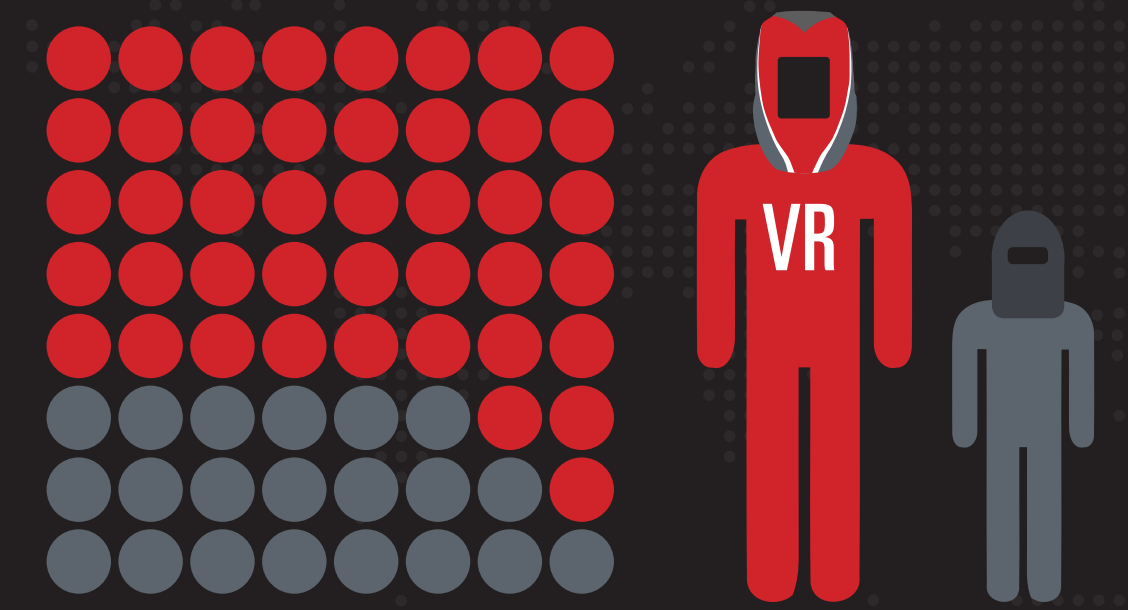

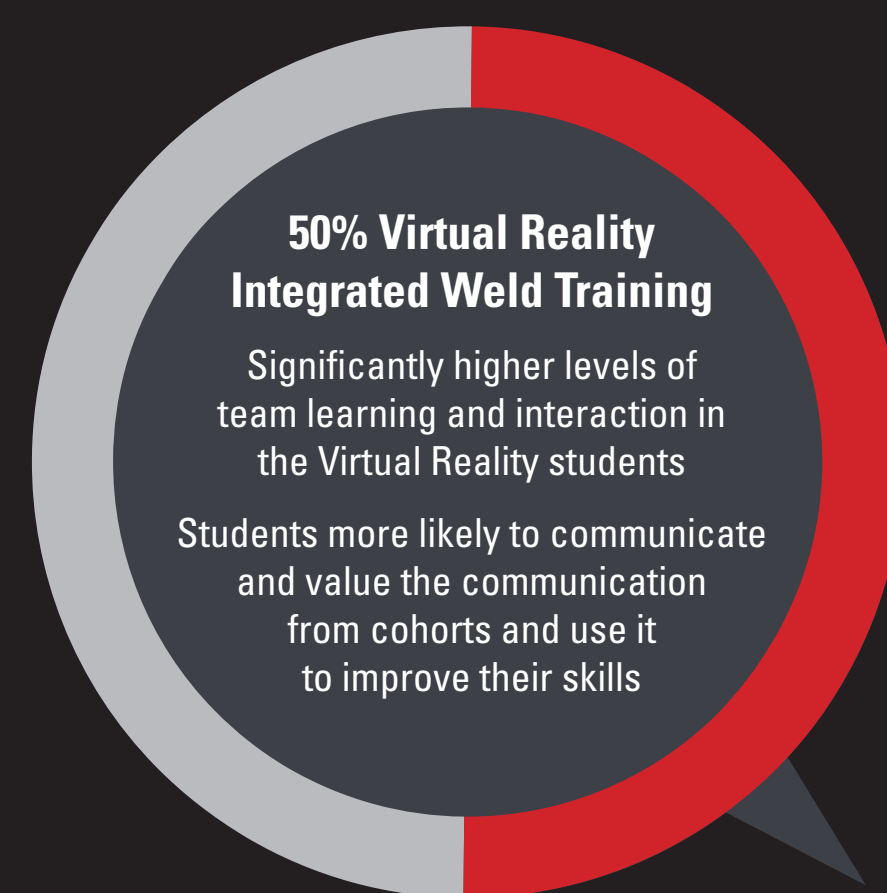

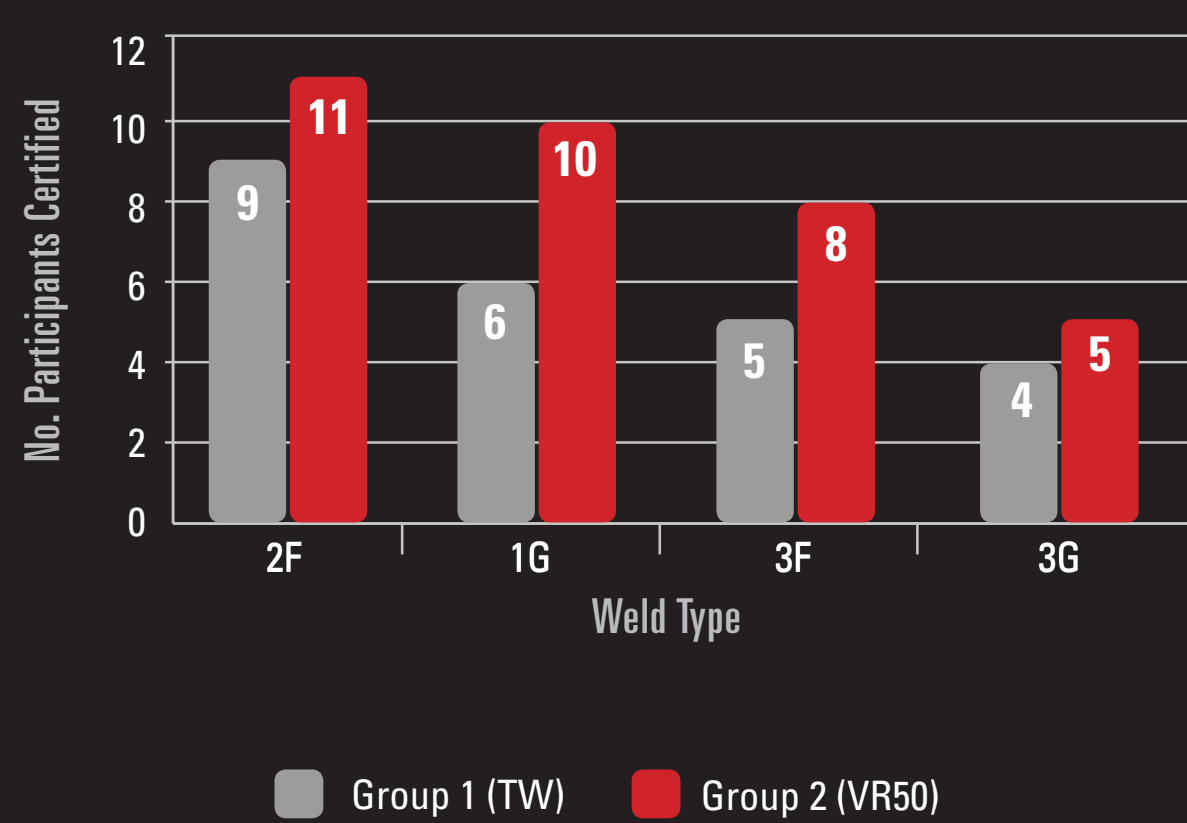

- 22 participants
- 80 training hours over 2 weeks
- 11 participants were 50% Virtual Reality + 50% Traditional Training
- 11 participants were 100% Traditional Training

Welding Positions

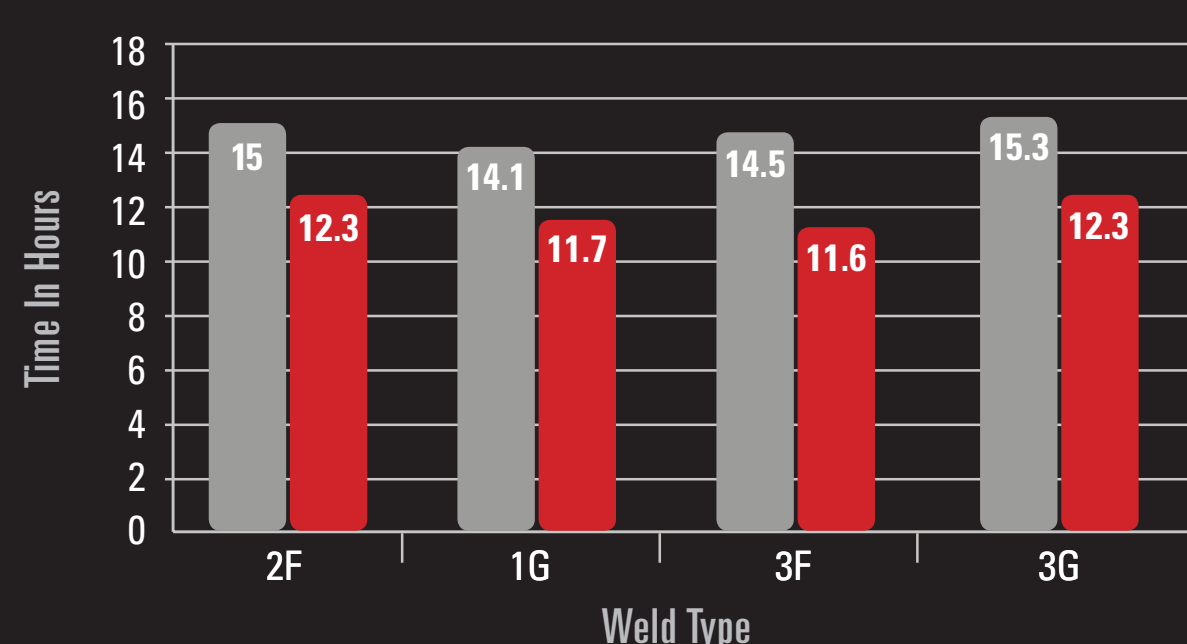

CERTIFICATION RATE

Significantly greater amount of welds performed by the virtual reality team

- Practice welds **without the need** to invest time in setup and material gathering
- VR group start over **without consequence** of wasted material or losing time in assembly and reworking

TOTAL TRAINING TIME

GREATLY REDUCED TRAINING-ASSOCIATED COSTS

- Total equivalent virtual cost savings equate to **\$2,680.46**
- **\$243.68** per student

REDUCED COSTS
